

SUMMER 2008- Vacation policy

Dearest Friends:

As warmer weather approaches and a new season of children's sports begins. Many parents will want to leave gymnastics temporarily to pursue baseball, soccer and other fun programs for their children. While we happily encourage children's participation in other sports and family activities please keep in mind that you have a membership at Klamath Gymnastics and you are enrolled in an annual program. We cannot hold a place in class without tuition payment.

*Please note: If your student is no longer interested in participating please contact the gym as soon as possible to cancel so we can offer your place to another child on our waiting list.

We want to keep our friends!

In order to keep you a part of our family... we offer another way to hold your child's place in our program. We are parents ourselves and are sympathetic to your budget concerns. We will hold your child's place in class for up to 3 months with advance payment of a special low rate. The rate will be half of your regular tuition per month. *For example: a child enrolled in a Kindergym class who normally pays \$40.00 per month, would pay only \$20.00 per month, in advance, to hold their place.*

If you know you cannot attend for a couple of months you must pay for the two months 'in advance' to hold the place. The maximum amount of time we can hold any student's place is 3 months. *For Example: If you know that you will be unable to attend the entire summer (June, July & August) due to vacation or other commitments that same Kindergym student would pay \$60.00 (3 mos) in advance to hold the place.*

*Please note: Advance payment not received will be considered a drop from our program.

*Parents choosing to drop rather than pay the holding fee and plan to come back at a later date will need to enroll as a new student. You will be placed on our waiting list and called when a space becomes available. You will also be required to re-register, pay the annual registration fee (even if you had paid prior to leaving) and pay two months tuition upfront to start.

Returning to Gymnastics after a leave: After the hold time has expired, students not present for the next class or have not paid the full regular tuition by the 10th of the returning month will be dropped from the program.

*Klamath Gymnastics does not pro-rate tuition.

If you would like us to hold your place or cancel and be added to our waiting list you may call Klamath Gymnastics at (541) 883-8295.

Thank you for your support of Klamath Gymnastics.
"Have a great Summer!"
